- Salesforce Certified Platform App Builder

Experience

Appstrail Technology Pvt. Ltd.

Salesforce Consultant *Jun 2021 – Present*

Recognitions: *Employee of the Quarter (Q4, FY24); Customer Success Award (FY23)*

- Delivered 5+ end-to-end Salesforce implementations across Sales, Service, and Manufacturing Clouds.
- Led a 15-member Agile team; ensured 100% on-time sprint delivery and successful project rollouts.
- Built 50+ custom LWC components and Visualforce pages, improving UX and reducing support tickets by 30%.
- Automated lead routing and approval flows using Apex and Flows, cutting manual tasks by 40%.
- Migrated 1M+ records with complete data integrity

using Data Loader and Inspector.

- Streamlined CI/CD using Salesforce DX, Change Sets, and Unlocked Packages for efficient releases.

Projects

Salesforce Implementation for Sunshield Chemicals *Team Lead*

- Led the end-to-end implementation of a lead-to-order flow, including quote generation, invoicing, and payment integration.
- Developed a custom round-robin lead assignment feature using Apex, improving lead distribution and response time.
- Optimized the sales process across departments, increasing efficiency and customer satisfaction.

Salesforce Implementation for Cashfree Payments *Team Lead*

- Delivered a Sales Cloud solution covering onboarding, sales, bank operations, and risk management workflows.
- Led design and development of key modules with a team of developers, ensuring alignment with client goals.
- Integrated Composite, REST, and Bulk APIs for seamless payment processing and real-time data sync.
- Drove user testing, training, and deployment, achieving a successful go-live with post-launch enhancements.

Awards & Achievements

- **Employee of the Quarter (Q4, FY24)** – Recognized for leading successful client delivery and team performance.
- **Customer Success Award (FY23)** – For driving client satisfaction through timely implementation and scalable solutions.
- **Process Automation Impact (2023)** – Improved sales efficiency by 20% through CRM automation at Appstrail.
